

going, by the user, from the third party Web site to at least one second third party

Web site;

initiating an authentication process;

retrieving from the system and/or the third party Web site and securely transmitting by the system and/or the third party Web site appropriate user authentication credentials for the at least one second third party Web site; and

logging the user into the at least one second third party Web site.

41. (new) The method of claim 40 wherein the system and/or third party Web site encrypts the user authentication credentials.

42. (new) The method of claim 40 wherein the authentication process includes personal data that is not authentication credentials.

43. (new) The method of claim 21 wherein the user accesses the system and/or the third party Web sites using a device capable of accessing the network.

Conclusion

The foregoing new claims are being added to place the application in condition for examination. A favorable action on the merits is respectfully solicited.

No marked-up version is attached as no existing claims are amended; new claims are being added, as specified in the preliminary amendment.

If there are any other fees due in connection with the filing of this paper, please charge the fees to our Deposit Account No. 50-0310. If a fee is required for an extension of

time under 37 C.F.R. § 1.136 not accounted for above, such an extension is requested and the fee should also be charged to our Deposit Account.

Respectfully submitted,

MORGAN, LEWIS & BOCKIUS LLP
